

# Mack is Back!

## Vision

McClymonds will embrace the rich cultural and historical experiences of West Oakland and continue to build a network of graduates who contribute to this community through service and activism. We will provide an environment that values and honors all individuals, our collective histories, and our shared and diverse cultures within a positive school climate marked by high expectations, academic rigor, access to innovative technology, and a relevant curriculum. Students will be empowered to be change agents and critical thinkers with the ability to problem solve and positively impact communities.

## Mission

McClymonds will support all students to succeed in college, career and community by maintaining high expectations, creating rigorous learning experiences that require content mastery, and providing resources, staff, and personal guidance for each student.
